

## GETTING MILK FROM WILD COW

Unique Stunts to Feature  
Big Moose Meet at  
Ponca This Week.

## TO VISIT 101 RANCH

Biggest Event in Many Years  
Provided for Pleasure of  
Visiting Delegates.

Special to The World.

PONCA CITY, May 22.—Entertainment is to run on high in Ponca City during the first three days of the coming week, as the result of the convention of Moose in four states, being a session with approximately 2,500 delegates in attendance. There will be several special trains into Ponca bringing the delegates of various states, and there will be a special train out of Ponca Wednesday noon to take everybody to the buffalo park of the 101 ranch for an afternoon of entertainment. The four states to be represented in the convention are Oklahoma, Nebraska, Kansas and Missouri.

Senator Robert L. Owen, possible democratic candidate for president, will be the chief figure of the convention from an oratorical standpoint, as he will address the convention and others here on both Tuesday afternoon and evening at the city auditorium. The speaking program will include also all the high Moose authorities from over the United States, including James J. Davis, director general; Rodney H. Brannon, supreme secretary and grand regent; Darius Brown, supreme prelate; and Walter Gough, Mooseheart regent. It is possible, too, that Congressman Scott Ferris will attend, as he is being urged to come and make a talk.

The cow milking entertainment feature will be entirely unusual. It has been arranged by Zack Miller, one of the 101 heads, who will have charge of the various stunts to be pulled during Wednesday afternoon. A prize of \$50 will go to the man who gets the first quart of milk from a bunch of range cows that have never been milked. Another stunt

that Miller has arranged, is to turn loose a Burmese sacred cow with a \$25 gold piece tied to her tail; the first cowboy on foot to get it will be the keeper.

Is Gaily Decorated.

Ponca City is gaily decorated for the Moose event. The program starts this afternoon (Sunday) with a parade and a band concert, and henceforward there will be something stirring until the curtain is rung down at midnight Wednesday.

The business of the convention, election of officers, choosing next year's meeting place and the initiation of 260 candidates will occupy the greater portion of Monday and Tuesday, sandwiched with band concerts, grand ball, banquet and other social features, leaving Wednesday for the big stunt. The special train will leave about noon for the 101 and will return here in the evening.

A Buffalo Barbecue.

A buffalo barbecue will be another feature of Wednesday afternoon at the ranch. For this purpose the local Moose have purchased a buffalo from Col. Pawnee Bill (Gordon Lillie) of Pawnee, Wyo. Ponca City grabbed the 1920 meet last May at Arkansas City, it was promised that all visitors would be given an opportunity to eat buffalo meat.

In the roping world the last word is Henry Grammer, Osage county ranchman and champion roper, and the next to the last is Blue Gentry, although Gentry's friends will not admit that he has second place. These two will rope wild steers at the 101 Wednesday afternoon to decide the championship. The 101 program will include also the bull-jogging of a buffalo and of steers, roping, bronc busting, ostrich riding, and fancy and trick roping and riding by both men and women. Guy Shultz of this city, the riding champion of the southwest (champion he won last fall at Fort Worth) will ride and also build a buffalo and ride an ostrich, of which there is a herd on the 101.

The local Moose temple, a \$50,000 1-story structure will not be entirely completed for the four-state convention, although numerous business and social sessions will be held within its walls. Material shortage has delayed the building's completion, although every effort has been made to have it ready for dedication which all the high Moose officials are in the city.

So far as the 101 ranch is concerned, according to Zack Miller, the stunts being prepared for the Moose convention entertainment will have never been surpassed, perhaps not even by that editorial program, 17

years ago. The 101 entertainment and all the things that occur in Ponca City during the first three days of the coming week will be open to all comers, whether or not they are Moose, and as a result Ponca City is expected to entertain 10,000 people during that period.

## Make It Strictly a Business Proposition

Consider the fact that you will need and will use a kitchen range as long as you maintain your own home. Consider the fact that this range saves you STEPS, TIME and WORRY. By saving steps, time and worry

you will be healthier and your days will be more pleasant.

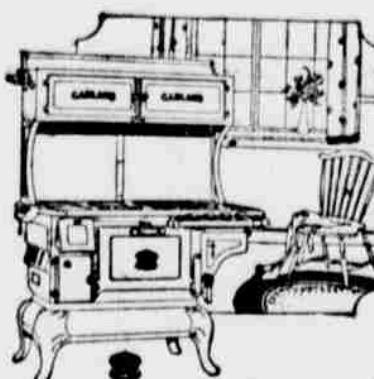

Consider the fact that this range costs no more than any other.

Consider the fact that in this range you get the best in quality of material and workmanship, also all features of modern conveniences.

Place your kitchen troubles on a strictly business basis and you will without a doubt buy a GARLAND RANGE.

### Garland Features

- The star shaped burner that saves gas.
- The push button lighter that does away with matches.
- The safety first device that prevents accidents.
- The enamel splashers, so easy to keep clean.
- The glass oven door for watching the baking.
- The high ovens and burners that keep you from stooping.
- The draft equalizer that adjusts the drafts.

### Combination Ranges

FOR COAL OR GAS

\$65, \$70, \$85, \$90 up to \$125

**Candidate for  
the Shrine Ring**

**Akdar Ceremonial May 24, 1920**

My Dear Noble—

Owing to the fact that I am an officer with the Federal Baking Company, I am therefore a Federal Officer, with plenty of Dough, in fact I am a Dough Nut, the Hole Thing, also have been called a Loaf-er, but this is a mis-nomer for I am all to the Custard. My particular business for the next month is joining the Shrine. I have laid off for a week to join and then for three weeks to get over the effects of joining.

I am CANDIDATE FOR THE RING, because I think I am a rather important person and will be a considerable factor in shaping the destinies of AKDAR. In fact, I fully expect that at the next business meeting of AKDAR that the nobles will arise en-masse and remove "Robertson," or "Farmer" or "Dye" or "Wertz" or whoever is Potentate, and that I will be unanimously acclaimed POTENTATE OF AKDAR SHRINE. With this firm belief I think that perhaps it is my duty to permit you to serve on my Campaign Committee, and to set forth a few Traffic Rules for running the Shrine and pledge myself to their enforcement when I am made Potentate next month.

- |  |  |
|--|--|
| <b>A RESOLUTION:</b> All Nobles with Card and Fez to be interned on Ceremonial Days in a Wine Cellar, after which they are to be poured back into the bottle and the percentage test made. They say man is 85% water. I am interested in the other 15%.        | <b>A RESOLUTION:</b> To employ a corps of Valets to assist "Shirley" in donning his Patrol Uniform.    |
| <b>A RESOLUTION:</b> Positively ruling against "Farmer's" stand on the "Burning Question." He knows all about DESERT SANDS, but the Portland Train does not cross the Desert. "McGuire" should be appointed a "Full Committee" to make this a refreshing trip. | <b>A RESOLUTION:</b> To compel "Munroe" to divide the evidence.  |
| <b>A RESOLUTION:</b> To have an Ivory Dome on the New Temple, part of the raw material to be furnished by the members of AKDAR.  | <b>A RESOLUTION:</b> Insisting that "McFann's" demit be placed in the Ladies' Shrine.                  |
| <b>A RESOLUTION:</b> Making a donation in sufficient amount to furnish "Proth" a separate office with male stenographers, and to have a surgical operation performed, removing his conceit.  | <b>A RESOLUTION:</b> To have "Sam's" and "Hoss's" names printed on all petitions.                      |
|  | <b>A RESOLUTION:</b> To seal up the Ceremonial Hall, to prevent leakage.                               |
|  | <b>A RESOLUTION:</b> To appoint "Hoop" as "Official Roaster." He has the machinery and "Good Grounds." |
|  | <b>A RESOLUTION:</b> To compel "Ed Perry" and "Henry Greis" to wear dimmers on their Fez.              |

If there are Nobles who think that I should not have the Ring and that it should go to some other town, if they will see me about his matter I may, after I am made Potentate, remove the Shrine to the town of their choice, thus giving them double satisfaction.

I will deliver a Prohibition Lecture, with music, in the lobby of the Hotel Tulsa at 2 o'clock and the subject will be served at my Campaign Headquarters.

I PLEDGE MYSELF TO WEAR THE RING IN A CONSPICUOUS PLACE

D. FOSTER DAVIS
